The author interprets Gen. 34, 12 — Exod. 22, 16 as referring to the dowry and Exod. 22, 4 as referring to the *actio de pastu*. Also the author makes some use of the papyrological literature (cf. p. 102₃₇, 103₆₉, 89₂₂, 23, 91₂₆, 95₃₇, 101 ff., 103₃ ff.).

This study is of high interest for the jurist as the apologetic literature reflects the political and social state of Alexandrian Jewry in the Hellenistic period.

A. R. Korsunski, *O kolonate v vostotshnoy Rimskoy Imperii V—VI v. [= About the Colonate in the East-Roman Empire in V—VI cent.] (Vizatiyski Vremennik IX [1956] 45—77).*

The author examines the question of sources of the colonate and the social condition of the *coloni*. He asserts that the colonate
